

ARC Technology Solutions

CAPABILITY STATEMENT

ARC Technology Solutions delivers mission-ready IT and data solutions tailored for the complex needs of government agencies and private sector organizations. Led by Chief Technologist, John "JW" Williams, our team brings over 30 years of experience supporting enterprise-scale digital transformation, cybersecurity, data governance, and cloud modernization. With a proven record of enabling operational efficiency, fraud prevention, and compliance across high-security environments, we are a trusted partner in driving innovation. ARC provides scalable, secure, and outcome-driven solutions aligned with federal mandates and strategic priorities.

KEY DIFFERENTIATORS

A team of Fortune 500-level technology executives with \$750M+ in impact

Experience from FedEx, IBM, DoD now serving mid-market and government sectors

Proven track record in fraud prevention (\$130M+) and revenue generation (\$100M+)

Enterprise data literacy and culture transformation programs

Agile, outcome-driven execution with measurable ROI and efficiency gains
